Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2 Claim 10 is rejected under 35 U.S.C. 103(a) as being unpatentable over Hayden III.

Hayden III discloses the use of a snare assembly for use with a snare drum (22) said snare assembly comprising a pair of spaced end members (62,63); a metal snare strand having continuously graduated effective lengths for providing continuously graduated tension of said snare strands in a transverse direction of said assembly when said strands are elongated in an axial direction thereof (see figure 9c). Hayden III also discloses the use of a snare assembly with a plurality of generally parallel snare stands extending and each permanently attached at opposite ends thereof and the use of strands that are arranged in side-by-side relationship. The ends members as disclosed by Hayden III is provided with an inner edge in the form of a broken line so that opposite ends of the snare strands are secured to a bottom surface of at least one of the end members substantially along the inner edge thereof in order to continuously graduate said effective of said snare strands in the transverse direction of the snare assembly (see figure 4a).

3. Claims 1 and 3-9 and 11-21 allowed.
4. Papers related to this application may be submitted to Group 2800 by facsimile transmission. Papers should be faxed to Group 2800 via the PTO 2800 Fax Center at 703-872-9306.
